The Honorable Tom Cole
Chairman
House Committee on Appropriations
Washington, D.C. 20515

The Honorable Rosa L. DeLauro
Ranking Member
House Committee on Appropriations
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Big Chico Creek Scour/Erosion Repair Project in Fiscal Year 2025. The entity to receive funding for this project is the City of Chico, located at 411 Main Street, Chico, California 95928. The funding would be used for addressing the erosion problem along Big Chico Creek in Chico California, which will ultimately protect the creek from experiencing further erosion. The project is an appropriate use of taxpayer funds because it will help protect infrastructure such as roads, bike paths, bridges and a groundwater well and it will also reduce sediment from entering Big Chico Creek.

The project has a Federal nexus because the funding provided is authorized by the Soil Conservation and Allotment Domestic Act of 1935, 16 U.S. Code sections 590a-590d and 590f-g.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Doug LaMalfa
Member of Congress
