The Honorable Tom Cole
Chairman
Committee on Appropriations
H-307, The Capitol
Washington, D.C. 20515

The Honorable Rosa L. DeLauro
Ranking Member
Committee on Appropriations
1036 Longworth House Office Building
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Paradise Wastewater Treatment Plant in Fiscal Year 2026. The entity to receive this funding is the U.S. Army Corps of Engineers, located at 1325 J Street, Sacramento, California 95814. The funding would be used for building a new wastewater treatment plant and partial collection system in the Town of Paradise, California. This project is an appropriate use of taxpayer funds because it supports Paradise's continued redevelopment and growth in the wake of the 2018 Camp Fire. The project has a federal nexus because the funding provided is for purposes authorized by Public Law 118-272 and Public Law 110-114.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

DOUG LaMalfa
Member of Congress
